Location

A dynamic
innovation
community with
global spheres
of influence

The University of Southampton Science Park is a 72 acre development occupying a prime location in close proximity to Junction 14 of the M3 (1 mile) and within easy reach of Junction 5 of the M27. Junction 5 is also the location of Southampton International Airport offering flights to UK regions and Europe plus Southampton Parkway railway station with a direct service to London Waterloo.

The Science Park provides high quality office and lab space in attractive landscaped surroundings. It is home to science and technology based companies of all sizes, from fast growing start-ups to international household names. The result is a thriving business and research community with excellent networking opportunities. All are attracted by the Park's strategic location, the quality of the environment and access to some of the country's leading scientific expertise at the University of Southampton.
